

## MARCH

### Display Highlights

next meeting  
**Friday, April 4**

*Program: Joe Volz on  
Detailing Aircraft Cockpits*

DVSM founding member, **Lou Isern**, recently completed this outstanding build of Hasegawa's 1/48th scale kit of the Mitsubishi J2M3 Raiden (Allied code name "Jack") Japanese Naval Air Force interceptor fighter of the 302nd NAG (Yokosuka Defense). The extensive chipping of the paint was a characteristic of many late WW2 Japanese aircraft.

Left, top to bottom: **Paul Kopczynski** did a beautiful job on a tough kit with his build of Air Classics limited run 1/48 RAF photo-recon English Electric Canberra in a particularly attractive color scheme. **Jason Rothgeb** continues his series of classic muscle cars with his well-executed Monogram '70 Pontiac Firebird Trans-Am (front) and '65 Shelby GT-350 (rear). **Keith Jones** displayed a series of terrific nostalgia builds, including this '40 Ford Deluxe coupe, based on the original 1960-vintage AMT box art.
