January Meeting Report (cont.)

JANUARY PROGRAM: CPR! Big thank your to Steve Briand and Edna Napoleon (and to Greg Hogg in his role as the patient) for their presentation on CPR to our rowdy but attentive crowd. Let's hope we never have the opportunity to put it to use. ■

Next Meeting: Friday, February 2

FEBRUARY PROGRAM: Aircraft Weathering with Charlie Lockard

Charlie will lead the discussion, offering his techniques for weathering aircraft models. He has developed a subtle touch for weathering, including chipped and worn paint and highlighting panel lines. You're urged to sit in and offer your ideas or ask questions. Remember, techniques used for one subject area apply to others as well! ■

Upcoming Programs & Roundtable Discussions

MARCH PROGRAM: Stretched Sprue Rigging by Bob Cicconi. Tentatively planned for March, Bob will discuss his techniques for applying the fantastic rigging on his 1/700 ships. A fine modeler with experience in many different subjects from 1930's racing cars to Japanese WW2 aircraft, Bob has really come into his own building ships in 1/700 scale. Every model, most often of a rarely-seen subject from a limited run kit, features a wealth of intricate rigging and photoetched detail.

The rest of the year is open at this writing. If there's a technique you'd like to see demonstrated or someone you'd like to hear talk about their approach to the hobby, bring it up at the business meeting. ■

INTERNATIONAL PLASTIC MODELERS SOCIETY is the parent organization of Delaware Valley Scale Modelers. As a chapter of IPMS, we are able to maintain

The *IPMS Journal* has been upgraded with full color and quality editorial throughout

the necessary liability insurance to hold meeting at our current location. In turn we must assure IPMS that a certain percentage of our membership are also members of IPMS/USA. We do indeed maintain at least the

required percentage if not more, but it would be great if more of us were members of the national society. As an IPMS/USA member you're entitled to participate in the huge national convention and contest, which will be coming

to Virginia Beach in a couple years. You'll also receive the quarterly magazine, the *IPMS Journal*, which, having recently undergone a total redesign, compares favorably with the best magazines serving our hobby. Today's IPMS is a broad-based organizations, welcoming modelers of every stripe, not just military! Give it a try, your membership will cost about the same as one new kit! ■
